PROFESSIONAL SUMMARY

UI/UX Designer with 5+ years of experience designing intuitive digital products and user experiences across web and mobile platforms. Transitioned from a graphic design background, bringing a strong foundation in visual communication, branding, typography, and design systems to product design. Master's in Design from NIFT with expertise in user research, information architecture, wireframing, prototyping, interaction design, usability testing, and accessibility. Passionate about solving complex user problems through human-centered design and collaborating with cross-functional teams to deliver impactful product experiences.

TECHNICAL SKILLS

UI/UX Design: Wireframing, Prototyping, User Research, Interaction Design, Information Architecture, Usability Testing, Design Systems, Accessibility (WCAG)

Design Tools: Figma, Framer, Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Adobe After Effects

Visual Design: Brand Identity, Typography, Color Theory, Editorial Design, Motion Graphics, Print Design

Soft Skills: Cross-functional Collaboration, Stakeholder Communication, Creative Problem-Solving, Agile/Scrum Workflows

PROFESSIONAL EXPERIENCE ● 5+ Years

Rachmanas (Freelance Project)

March 2026 - April 2026

UI/UX Designer

Responsibilities

- Designed the complete website interface and user experience for Rachmanas, ensuring a cohesive and user-friendly design.
- Collaborated closely with the founder to define user flows and visual direction, ensuring consistent brand and UX alignment.
- Developed a custom design system to maintain consistency across digital assets.
- Created brand guidelines defining typography, color palette, and visual language to align the website with the brand identity.
- Delivered responsive, accessible layouts optimized for both desktop and mobile.

Taazaa Inc.

Jan 2023 - Feb 2026

UI/UX & Graphic Designer

Responsibilities

- Designed end-to-end UI/UX solutions for web and mobile applications, translating user and business requirements into intuitive digital experiences.
- Developed and maintained design systems, wireframes, user flows, and interactive prototypes in Figma to ensure consistency and efficient handoff to development teams.
- Conducted user research and collaborated with product managers, stakeholders, and engineers to validate concepts and improve product usability.
- Created marketing creatives, brand assets, presentations, and digital campaigns, ensuring a cohesive visual identity across products and communication channels.
- Delivered responsive, accessible layouts optimized for both desktop and mobile.

Freelance

July 2022 – Jan 2023

Freelance Graphic & UI Designer

Responsibilities

- Delivered end-to-end design solutions for diverse clients spanning branding, UI design, and digital marketing, managing projects independently from concept to delivery.
- Designed responsive UI mockups and interactive prototypes for client web products using Figma and Adobe XD, consistently meeting project requirements and deadlines.
- Created brand identities, social media creatives, marketing collateral, and visual assets that strengthened client branding and online presence.

Think Exam – A Ginger Webs Company

Jan 2022 – July 2022

Graphic Designer

Responsibilities

- Created user-facing visual assets for an EdTech platform, designing interfaces and marketing materials that contributed to improved user engagement.
- Collaborated with product and content teams to translate complex information into clear, accessible visual designs for online assessment tools.

PustakRatna Prakashan

April 2020 – Dec 2021

Graphic Designer

Responsibilities

- Designed creative layouts and covers for 20+ book titles, managing full print production cycles from concept ideation to press-ready files.
- Established consistent visual identity standards for publication series, improving brand cohesion across editorial products.
